

KNOT CAUGHT SLIPPIN

AZIMUT | 66FT | 2025

OVERVIEW

The 2025 Azimut Magellano 66 brings long-range cruising capability to a size that remains manageable and efficient. Her semi-displacement hull design balances performance with fuel economy, while sweeping hullside windows create interiors flooded with natural light. This is Italian design focused on extended voyaging rather than purely coastal cruising.

At just over 66 feet, this yacht charter delivers volume typically found on larger vessels without the operational complexity. The owner-ocean readiness means capability for trans-coastal voyages, yet she performs equally well on day charters throughout South Florida or trips to the Bahamas. Elegantly appointed interiors reflect Azimut's attention to finish quality and livability.

Whether your plans include sunset cocktails, a multi-day Exumas escape, or exploring new cruising grounds, this vessel provides the versatility to pursue all three with confidence.

SPECIFICATIONS

LENGTH	GUESTS	CABINS	YEAR/REFIT
